
The existence of God is a subject of debate in the philosophy of religion and popular culture. A wide variety of arguments for and against the existence of God can be categorized as metaphysical, logical, empirical, subjective or scientific. In philosophical terms, the question of the existence of God involves the disciplines of epistemology (the nature and scope of knowledge) and ontology.

Altheism | Internet Encyclopedia of Philosophy

That is to say that all of the approaches to God's existence, the ontological argument is the strategy that we would expect to be successful were there a God, and if they do not succeed, then we can conclude that there is no God. Findlay argues. As most see it these attempts to prove God have not met with success, Findlay says, "The general

Pascal's wager - Wikipedia

Pascal's wager is a philosophical argument presented by the seventeenth-century French philosopher, theologian, mathematician, and physicist, Blaise Pascal (1623–1662). It posits that human beings wager with their lives that God either exists or does not. Pascal argues that a rational person should live as though God exists and seek to believe in God. If God does not exist, such a person

Christopher Hitchens Quotes (Author of God Is Not Great)

1362 quotes from Christopher Hitchens: ‘Owners of dogs will have noticed that, if you provide them with food and water and shelter and affection, they will think you are god. Whereas owners of cats are compelled to realize that, if you provide them with food and water and shelter and affection, they draw the conclusion that they are gods,’ That which can be asserted without evidence, can be

Nine Views of Creation - Study Resources

Argument: A straightforward reading of the text most consistently supports the 24-Hour Interpretation. When one comes to the text for the first time, their immediate and natural conclusion will be that Scripture is speaking of a regular six-day period in which God gradually created everything from nothing.

9 logical reasons why there is no God - Random musings

May 07, 2019 · Invoking God for things we do not understand, is simply a God of the gaps argument. And the gaps are getting ever smaller. The problem of evil also isn’t conclusive because we can’t know whether or not God has chosen to allow suffering for a reason. By our very nature, we are limited beings while God, by His nature, is not a limited being.
